Prior Governmental Experience: Deschutes County Planning Commission (Chair), Oregon Liquor Control Commissioner, La Pine Parks & Rec. Selection Committee, Deschutes County Brownsfields Committee

Palcic for Senate District 28

Our District has never been presented with such a clear choice. A choice between two different visions of the future. One vision continues on the failed path of ineffective leadership with no discernible plan for our future, resulting in high unemployment, underfunded schools, and the loss of family farms. Or, another vision, one fixed towards a brighter future. One based on skilled and effective leadership that is inclusive and yields real results.

My vision for our district is one that:

- Creates living-wage jobs
- Secures needed infrastructure projects
- Addresses our affordable housing needs
- Provides rural broadband access for all
- Invests in our next generation by improving our schools
- Addresses climate change, capitalizing on renewable energy opportunities
- Unlocks our region's outdoor recreation and tourism economies

I run because I am convinced that our district is on a dangerous course, not simply to oppose someone.

I run because I have strong feelings about what must be done before it is too late.

And, *I run* because I am compelled to do all that I can to make a difference.

It is not a matter of getting government out of the way, it is a matter of harnessing government to most effectively work and deliver for all. There is a better way forward. I humbly ask for your vote to deliver this vision of change.
